Note: Letter "L" after engine lettering or number denotes long shaft model.

From 1963 a letter and a number code is used at the end of the engine number to denote the month and year of manufacture...the letter indicates the month and the number the year of manufacture i. e. A3 January 1963, B3 February 1963 etc. From 1973 two letters were used i.e. AA3 January 1973. BB3 February 1973, etc.
